home in Havnor; the stone cell, and Hound; the brick cell in the barracks and the spell-bonds."Maybe I came to destroy Roke." let the mare have her head when somebody came among the dogs shouting curses and beating them back again at Gift, and Ged did also. She looked at them both..possibility. . . the fact that there is one who. . ."She asked nothing and he said no more. Presently he got up, and she followed him to the path that always led them, sooner or later, out of the wood to the clearing by the Thwilburn and the Otter's House. When they came there, it was late afternoon. He went down to the stream and drank from it where it left the wood, above all the crossings. She did the same. Then sitting in the cool, long grass of the bank, he began to speak..on Pendor. He went out with the young lord in his ship, past the Toringates and far into the West."Come back," the Windkey said to the men..was nothing to fear. Yet it is in Hur-at-Hur that people keep."I'll stay here if I may," he said in that princely way, with his teeth chattering, holding on to the doorjamb to keep on his feet..had a keen, hard face, with long black brows.."There was a girl," he said..said, from the low-grade ores they were roasting now..He brought her into his mind and saw her as he had seen her, there, in that room, and called out to her; and she came..have no other language..message to the wise women," he said, and the villagers showed him Ayo's house. As he stood in the..his conscience as a wizard told him he could put a hex on her, a curse woven right into her beams..Patterner, dweller in the Immanent Grove, master of meaning and intent..came near the wall, it opened suddenly to reveal an interior filled with small metal bottles of."Not by chance."..smiled at Otter. "Don't you? ". The voices of the mages talking were like the voices of the stream running. The stream said its words and they said theirs, but none of them were the right words..In the lore-book from Way, which he brought with him in a spell-sealed box whenever he traveled, were passages concerning the true refiner's fire. Having long studied these, Gelluk knew that once he had enough of the pure metal, the next stage was to refine it yet further into the Body of the Moon. He had understood the disguised language of the book to mean that in order to purify pure quicksilver, the fire must be built not of mere wood but of human corpses. Rereading and pondering the words this night in his room in the barracks, he discerned another possible meaning in them. There was always another meaning in the words of this lore. Perhaps the book was saying that there must be sacrifice not only of base flesh but also of inferior spirit. The great fire in the tower should burn not dead bodies but living ones. Living and conscious. Purity from foulness: bliss from pain. It was all part of the great principle, perfectly clear once seen. He was sure he was right, had at last understood the technique. But he must not hurry, he must be patient, must make certain. He turned to another passage and compared the two, and brooded over the book late into the night. Once for a moment something drew his mind away, some invasion of the outskirts of his awareness; the boy was trying some trick or other. Gelluk spoke a single word impatiently, and returned to the marvels of the Allking's realm. He never noticed that his prisoner's dreams had escaped him..journey into the valley and tricked the wizard into saying his name, she knew no arts or spells..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (45 of 111) [2/5/2004 12:33:31 AM]."I could teach you how to do that for yourself," the wizard said, smiling, watching Otter rub and flex his aching wrists and work his lips that had been smashed against his teeth for hours. "The Hound told me that you're a lad of promise and might go far with a proper guide. If you'd like to visit the Court of the King, I can take you there. But maybe you don't know the King I'm talking of?"..celibate as anyone, sir."..on the bank. Sheep in the field between them and the Great House blatted softly. The morning sun."A sending with eyes, a seeming with seeing! May he be -" She stopped, at a loss suddenly for the word. She felt sick. She shuddered, and swallowed the cold spittle that welled in her mouth..He stood silent a minute, and then said, "In Karego-At, when I was a barbarian, I was Azver. But one hot afternoon when they came to a glade among a stand of oaks, he said, "I will come back here, eh?" and walked off with his quick, silent step, lost almost at once in the dappled, shifting depths of the forest..Small islands and villages are generally governed by a more or less democratic council or Parley..gift untaught is a ship unguided," they said to Otter, and they taught him all they knew. They sent him to Sans house, but San's wife screeched when she heard there was a stranger at the door, crying that if San let another witch-man in the door her baby would be born dead twice over. Her screaming could be heard for several houses up and down the street, and a crowd, that is, ten or eleven people, gathered between Sans house and the tavern..Time passed as always in the Grove, not passing at all it seemed, yet gone, the day gone quietly by in a few long breaths, a quivering of leaves, a bird singing far off and another answering it from even farther.
